

THREE GREAT MILITARY MOVES ARE UNDER WAY

Bloody Battles in Flanders, Carpathians and Along Dardanelles Hold Attention of World.

FRENCH ARMORED CRUISER TORPEDOED WHILE CRUISING OFF AUSTRIAN PORT

Conflicting Reports Regarding the Great Conflicts Now Raging—French Claim Big Gains at Two Points and British Claim German Advance Has Ended—Germans Make Counter Claims—Monster German Fleet Is Seen in North Sea—Remarkable Activity in World War.

By Associated Press. London, April 28.—Military operations of critical importance are now under way, simultaneously, in three distinct fields of action: In Flanders the Germans are once more engaged with the British, Belgians and French, in a struggle for mastery of the territory near the Scheldt Canal, where several months ago there occurred what was perhaps the most terrible struggle of the war thus far. In the Carpathians the Russians are again assuming the offensive in another of their repeated efforts to push over the mountain barrier into Hungary. At the Dardanelles the allies have succeeded in landing troops on both sides of the straits, inaugurating the combined land and sea attempt at the conquest of Constantinople. A British correspondent in northern France telegraphs that the German effort to turn the left British flank near Ypres, has failed, and the Germans have been checked definitely, although the battle continues with violence. A Belgian official statement indicates that the German attack is lessening in force. Russian and Austrian official statements indicate that fighting in the Carpathians is more intense. The situation at the Dardanelles remains obscure, although it is apparent that the French and British have made headway with their land operations. Paris, April 28.—The French War Office today announced that continued progress had been made to the north of Ypres, where 6 machine guns and several hundred prisoners were captured. It says the losses of the enemy are heavy, and at one point 600 bodies of German soldiers were found. On the heights of the Meuse, according to the statement, the French advanced about two thirds of a mile, inflicting very heavy losses on the enemy, and destroying a German battery. Berlin, via wireless to Sayville, L. I., April 28.—The French cruiser Leon Gambetta has been torpedoed by an Austrian submarine, according to news received by the Overseas News Agency. Part of the crew of the French warship was saved. The Leon Gambetta was a vessel of more than 12,000 tons displacement, and carried a crew of from 700 to 800 officers and men. London, April 28.—Captain Scott, commanding a Norwegian steamer chartered by the Belgian Relief Commission, reports the presence in the North Sea of a German fleet numbering no less than 68 vessels, all told.

motion to kill it "voted for a single tax and government ownership of railroads." The bill now will be placed on the calendar and will probably be made a special order of business for late this week or early next. At the afternoon session Representative Young introduced a bill which would reduce the railroad passenger rates from 2 cents a mile to 1 1/2 cents a mile. The House also failed to take action today on the Gallagher bill to make optional the mine-run law. The bill was "put over until tomorrow," pending results of the miners' and operators' conference at Cleveland, where efforts are being made to end the eastern Ohio coal strike.

SEE EARLY SETTLEMENT OF STRIKE

By Associated Press. Cleveland, April 28.—With the opening of the second day of the conference of miners and operators, the joint scale committee in the Ohio coal strike here, both sides expressed the belief that peace was even nearer than at the start of the conference yesterday. The miners' representatives have conceded that if the operators recognize the fundamentals insisted upon by the union, the workers will make concessions as to working conditions, which will permit the mine owners to compete with operators of West Virginia and Pennsylvania, where the run-of-mine rate is less than that contended for by the Ohio union men. The operators, on the other hand, seem willing to allow the 47-cent run-of-mine rate demanded by the miners, providing the readjustment of working conditions is made.

Lexington, Ky., April 28.—The eastern Ohio coal strike will be settled within a week, is the opinion expressed here by Hywell Davies, federal conciliator, upon his arrival home from Columbus, Ohio, where he conferred with Governor Willis of Ohio.

TRIAL COMES TO ABRUPT AND DRAMATIC END

By Associated Press. New York, April 28.—Philip P. White, the \$6,000-a-year manager of a Brooklyn paint company, on trial as the leader of a band of highwaymen who held up his employer's bank messengers and robbed them of \$3000 nearly a year ago, resumed his chair in the Supreme Court room today, stretched both arms toward the judge on the bench, and exclaimed: "Stop, I am guilty; I want to confess my guilt before God and the world." A court room scene, seldom equaled in the annals of New York jurisprudence, ensued. White, trembling with emotion turned from the bench and faced the jury. "I am guilty," he repeated. "And I surrender my membership in the Mystic Shrine," he continued, tearing the button from his lapel. When he sat down his friend, James F. Clinnin, auditor of a Brooklyn firm, who was also on trial on the same charge, arose and also said: "I wish to plead guilty, too." The trial was at once halted, the jury dismissed and the court accepted the two pleas of guilty. Sentence was postponed a week.

BANKER OF MORROW ACCIDENTALLY KILLED

Morrow, O., April 28.—Frank Hicks, sixty, president of the Morrow National bank and county liquor license commissioner, was accidentally shot and killed here when a gun in his own hands was accidentally discharged.

REBELS CUT TRUNK LINE

By Associated Press. Washington, April 28.—Zapata forces, operating under General Obregon, the Carranza commander at Celaya, have cut his rail and wire communications and have destroyed part of the railway between the capital and Vera Cruz. Duval West, President Wilson's personal representative, is held up on a train delayed by the break.

MORE EVIDENCE IN MURDER CASE

Bit by bit the evidence obtainable in the Howard murder case is being brought to light in exhaustive examination of each witness summoned to the stand. Among the witnesses examined from Tuesday afternoon until Wednesday afternoon were: Beverly Patterson, owner of the gun which is supposed to have caused the Byrd woman's death, Urcel Madden, Wm. B. Pritchett, Chief of Police D. L. Moore, Tom S. Maddox, A. E. Henkle, Noah Bell, Dr. L. P. Howell, Mary Madden, Roy Madden and L. M. Maag. Few new points were uncovered in most of the testimony. Chief Moore stated that when he first arrested Howard he was under the impression that he was intoxicated but later changed his mind somewhat. He told of the arrest and Howard's attitude until locked up. L. M. Maag, one of the Wednesday afternoon witnesses, stated that he heard the shots fired in the French Flats at about seven o'clock. The accused man is undergoing the ordeal with apparently little concern. However, at times he anxiously awaits the reply of a witness. Mrs. Howard, whom Howard is alleged to have tried to kill following the alleged murder of Nannie Byrd, remains with her husband almost constantly. About one-half of the state's witnesses have been examined, and indications are that the case may go over into next week.

FARM RESIDENCE BURNS TO GROUND

About nine o'clock Wednesday morning fire, which originated from a smoke-house, completely destroyed the residence of Mr. and Mrs. E. C. Kelley, on the George Jackson farm in Paint township, and virtually all of the household goods were consumed in the flames. Mr. Kelley was some distance away at work in the field, when the fire started, and by the time he reached the burning house it was too late to remove other than a few household goods. The residence was a six-room frame, and the loss is partly covered by insurance. While carrying some insurance upon his household goods, the insurance will not pre-

TEDDY TELLS WHY HE CONSULTED BOSS PLATT

By Associated Press. Syracuse, N. Y., April 28.—Theodore Roosevelt told today, as a witness in the \$50,000 libel suit brought against him by William Barnes, why, when governor of New York and president of the United States, he conferred with former United States Senator Thomas C. Platt, "the boss." While he was governor of New York, the colonel declared, he discussed things with Senator Platt, because he had found out that the legislature obeyed his order. The witness thought it best, when there was any likelihood of that law-making body of the state disagreeing with him, to first go to headquarters and talk things over. Further, as governor, the colonel said, he did not want to run any chances of disrupting the Republican party. As president of the United States, the colonel readily admitted, he conferred constantly with the Senator from New York on all matters of things. He said he valued the senator's advice, and wanted to take advantage of his wide experience. These statements were made in reply to questions asked the colonel during the early part of his redirect examination, his cross-examination by counsel for William Barnes having been concluded today. The colonel was most active on the witness stand. He slapped his hands upon his thighs, and moved his arms and head to give emphasis to his words. He raised his voice and pounded upon the arm of the witness chair, until counsel for Mr. Barnes entered an objection with the court, against what they termed his "gesticulations." Syracuse, N. Y., April 28.—The cross-examination of Theodore Roosevelt was concluded today, after he had been asked questions about speeches and the salary and traveling expenses he received while president of the United States.

DEATH CLAIMS MRS. MARY BLACK

Many friends in this city regret to learn of the death of Mrs. Mary Black, widow of the late Dr. Black, Wednesday morning at 3:45, at her home on the corner of North and Temple streets, aged about 81 years. Mrs. Black had been in her usual health until last Sunday, when she was taken suddenly with an attack of acute indigestion. For many years Mrs. Black had been a resident of this city and identified with many of its interests. She was an earnest worker in Grace M. E. church and an interested member of the W. R. C. and Royal Chapter, No. 29, O. E. S. Funeral services will be held Friday afternoon at two o'clock, from the residence. Rev. Ross will conduct the religious services, after which the O. E. S. will take charge. The burial will be made in the Washington cemetery.

ASSESSMENTS MADE ON THE JUDY DITCH

At a recent meeting of the county commissioners the following assessments were decided upon for the Newton Judy county ditch: Oliver Baughn, \$150; Mary C. Baughn, \$100; Sylvia Sexton, \$100; Sylvia Sexton, \$75; A. P. Ortman, \$130; Elton Thornton, \$750; Newton Judy, \$225; W. S. Hutchison, \$600; Carman Coll, \$375; R. Rine, \$125; D. T. & I. R. R., \$25; C. H. & D. R. R., \$25; Fayette county, \$110.

Sale for construction was fixed for May 8. The bonds are payable in six semi-annual installments.

PAIR ESCORTED TO WORKHOUSE

Euliss Craig and Jack Durley were taken by Officer Baughn to the Xenia workhouse Wednesday. Craig has a \$200 fine and costs, penalty for bootlegging, to serve out, and Durley will serve time equivalent to about \$25 in fines for various offenses. Anderson Long, arrested a few days ago, was released and ordered to leave town.

ANOTHER JAILED

Officer Bell Tuesday night arrested Ray Smith, who will face the mayoz Thursday morning on a charge of drunkenness.

A RECORD

Detroit, April 28.—What is believed to be a world's record in its way was set by the St. Louis club, when it made five double plays in five consecutive innings. These two-play killings stopped the Tigers from getting an early lead, but did not prevent them from winning, 3 to 2. Score: St. Louis, 3; Detroit, 2. MONSTER CROWD ENJOYS LAST SESSION OF THE HORSE SHOW

BOTH AFTERNOON AND NIGHT PERFORMANCES ATTRACT THROGS OF LOVERS OF THE HORSE.

IMPERIAL DEGREE STAFF AWARDED BEAUTIFUL CUP

PHENOMENAL TROTTERING FEATURES MATINEE — KEEN RIVALRY IS MANIFESTED IN EVENING EVENTS—LIST OF AWARDS FOR CLOSING SESSIONS—SPRING SALE OPENS TODAY.

The Horse Show is over, but the mammoth sales pavilion remains the center of interest, the Spring Sales of the Washington Sales Company opening at nine o'clock Wednesday morning.

The big show ran the gauntlet of popular approval and leaves the record of the most successful one ever held. Of course, the fine weather helped, but it was the show attractions that drew the great audiences of Monday and Tuesday nights, the second night witnessing as crowded a house as the first, and the Tuesday afternoon show very largely attended.

There is no exaggeration in the boast that there is not another town of the size in Ohio that could have put on a Horse Show of the class and magnitude of the one just over.

It redounds tremendously to the credit of the Washington Sales Co., under the active management of manager Chas. Allen and Secretary Rell G. Allen, ably assisted throughout the show by Mr. Howard C. Allen, Ring Stewart, and Auctioneer John Pease.

The importance of Fayette county and her county seat were exploited once more in the horse world and also given prestige in the special attractions, the exhibition drill of the Imperial Degree team, winner of the highest honor in the International Legion, and the exhibitions given by Will Taylor, champion amateur jumper of the world.

It is rare that any county can put forth claim to three such distinctive honors in a single performance.

The large number of prominent people in attendance was also a tribute to the outside opinion of the show. Col. C. C. Harris, the Kentucky Judge noted by his quick and clear decisions, said: "I can pay Washington C. H. and Fayette county no greater compliment than to say that it is more like Kentucky than any place I've ever seen."

TUESDAY AFTERNOON. The Tuesday afternoon program offered good classes and showed some of the finest horses of the show.

The Gentleman's Roadsters class, with eleven entries of such good material that it made judging different, was decidedly the feature of the afternoon. Horsemen said that the fast trotting in this class had probably never been excelled at any horse show.

In regard to this class, Omar Van Kirk said: "Cochato has trotted eighths of a mile at a two minute gait, and I am so familiar with his gait, and his movements when he is extended at the very utmost of his speed, that I have no hesitancy in saying that on two occasions during his exhibition yesterday afternoon, he was stepping at a rate of a mile in

two minutes. Probably the fastest trotting ever seen indoors."

Rankin Paul's exhibition of his five gaited cup winner, Judge Ross, brought forth applause all along the grand stand.

A Life Devoted to Duty

In the news of Monday a brief dispatch from Dayton informs the world—that very small section of the world near around the Gem City of the Miami valley—that Miss M. Jennie Brown died at her home in Dayton on that day, aged eighty-seven years. That news dispatch also informs the reading public of this section that Miss Brown taught school practically all her life in the Dayton public schools. For fifty-nine years—almost the allotted period of life—this remarkable woman devoted her time and her talents to the work of teaching the young folks of Dayton. Teaching many generations of boys and girls to use their minds and be constant and faithful in the never ending battle to make the good things of life triumph over the bad.

What wonderful talents and what saintly disposition that good woman must have possessed and what a monstrous work she has performed.

Thousands of happy and prosperous men and women of today owe much of their success in life to the sacrifices which this good woman made. She was but one—a remarkable one it is true—of the many, many thousands who do as much as, if not more than, and other class of people for the practical good of humanity.

Strange too the work of the school teachers is so little appreciated in comparison to the work incident to some of the other vocations of life.

School teachers are not paid anything like the real value of their services and the facilities which a generous public should gladly furnish them to work with are obtained usually after a struggle and are granted grudgingly.

The death of Miss Brown at Dayton should cause people to think. Her life was so unselfishly devoted to duty that the sacrifices made by prominent men in public life pales beside it.

Those people who determine to teach school must realize that the reward in money is small, the thanks scarcely larger but the possibility for good enormous.

German Advance at Ypres

To those who have been studying the awful game of war in Europe and have, by reason of that study, formed opinions as to the plans the master players were endeavoring to work out, the tremendous offensive which the Teutons inaugurated Monday, was not wholly a surprise.

With Italy, for the present at least, held back by diplomatic efforts from entering the war as the particular foe of Austria, Germany has rushed heavy reinforcements to the west front for the purpose of breaking, if possible, the chain constantly growing stronger, which England, France and Belgium have been forging and welding together link by link.

To do this Germany, for the time being, has abandoned her offensive in Poland and East Prussia, leaving sorely pressed Austria to stem, by defensive action only, the onrushing tide rolling down from Russia.

With heavy reinforcement of the German lines in the west and with the armies of the Kaiser fully cognizant of the necessity for prompt and decisive victory over the armies of the allied powers and the inestimable value which will follow the gaining of an outlet to the sea, the most bloody contests thus far staged in the war seem probable within the next ten days.

The allies are not unmindful of the tremendous and desperate assault they are now called upon to face and, fully realizing the tremendous advantage that would accrue to their foes by reason of any substantial loss of position at this stage of the war, will match the armies of the Kaiser in desperate fighting.

Italy's entrance into the war on the side of the allies or her refusal, is at this time, a matter of the gravest concern.

If Germany can keep Italy neutral she will have gained her first and only diplomatic victory since the talk of war began.

Poetry For Today

THE FIRST STRAW OF SUMMER.

It was the first straw of summer—
Made white by the sun;
I looked for another—
There was but the one.
The young man who wore it
Was angrily eyed,
But he openly bope it,
With obvious pride.

With that sign of summer
The weathercock veered,
And the exquisite drummer
Looked hot in his beard.
I thought of my own hat,
A pretty conceit,
And ah! but the groan that
Went up from the street.

It was the first straw of summer
At eighty degrees,
And he beat us all to it
As slick as you please.
He left us few comforts
But still there was one—
He was, for a venture,
The weather man's son.

HANDSOME MOTOR DRIVEN HEARSE AND AMBULANCE PURCHASED BY A. R. M'COY

Mr. A. R. McCoy, well known local funeral director, has purchased a handsome combination hearse-ambulance, which was driven to this city from Cincinnati, Tuesday evening by Mr. McCoy and Mr. W. A. Corvin, the latter coming from the factory in Cincinnati.

The big car is a Crane & Breed Winton Six Special, and is as handsome a coach as can be found in any city. Soon after the new hearse-ambulance arrived in this city it was put into active service, moving a patient to a local hospital.

The car is painted a deep black with nickel trimmings, and lined with leather throughout. The interior can be almost instantly transformed from equipment for hearse to that of an ambulance, and is so constructed that virtually all shock is absorbed when the car is in motion. The elimination of jarring is due to a 152 inch wheel base and specially constructed springs. By the aid of the motor ambulance patients can be quickly transferred from one place to another, with greatest ease.

In addition to the motor driven hearse-ambulance, Mr. McCoy will retain his previous equipment of horse drawn hearse and ambulance.

BIG HORSE SALE OPENS THIS MORNING

The annual spring sale of horses conducted by the Washington Sales Company, opened at the big sales barn Wednesday morning, and will continue until all of the more than 200 head of animals are disposed of, which will be sometime Friday.

The offering is pronounced exceptionally good, and consists of trotters, pacers, saddlers, teams, stallions, race prospects, mares, futurity colts, heavy horses and ponies, so that every person desiring a good horse will be able to find what he is looking for in the list of animals which will pass under the hammer wielded by Col. John Pease, the well known auctioneer who has cried a number of big sales in this city.

The bidding from the beginning indicated that the horse market is firm and that no difficulty would be experienced in disposing of the entire consignment, which includes many well known animals with splendid track records and bright prospects.

Miss Myra Bowers, who has been visiting her sister, Mrs. Tom Wood, and Washington friends, returned to her home in Columbus Wednesday.

G. A. R. VETERAN LAID TO REST

Honoring a respected citizen and loyal G. A. R. veteran, impressive services were held at Memorial Hall Tuesday afternoon over all that was mortal of Mr. Robert S. Eyre.

Rev. P. J. Henness officiated, assisted by Rev. Roughton, of Cincinnati, and both the John M. Bell Post and the W. R. C. conducted their beautiful ritual services for the dead.

The hall was filled with friends from all over the county, G. A. R. veterans and women of the W. R. C. There were many beautiful floral remembrances, special designs from the G. A. R. the W. R. C., Pythian Sisters, K. of P., East End Chapel, Sons of Veterans and the Ireland Mfg. Co.

The pall bearers were Mr. Wm. Barr, of Greenfield; Mr. Scott Bison, of Dayton; Mr. Austin Haines, of Leesburg; Messrs Frank E. Haines, Claude Haines and Wilbur Price.

Coming from a distance to attend the funeral were Mr. Jos. Eyre, of Athens, a son; Miss Mary Eyre, of Minneapolis, Minn.; Mrs. Clara Haines, Mr. and Mrs. Wm. Barr, Greenfield; Mrs. Lida Chalfont, Columbus, Mr. and Mrs. Austin Haines, Mr. Ed Truitt, Mrs. Ote Bayless, of South Salem, Mr. Scott Bison of Dayton.

EVENING SHOW.

The evening performance was opened by the Washington Riding Club parade, with a surprising number of young people in riding attire making a very creditable showing. Carnations were presented to each rider by the management.

One of the most attractive classes of the show was the saddle horses shown by girls under sixteen. Probably never again will Washington people have the opportunity of seeing such an exhibition of graceful horsemanship in such young riders, on such superb specimens of horse flesh, as was given by Miss Virginia Campbell, riding Connaisseur, owned by Frank P. Mitchell; Miss Edith Worthington, riding Drum Major, also from the Mitchell Stables, and Miss Jessie Merkle, riding her own horse, My Lady.

The competition in this class was so close that after long parleying the judges gave the verdict that "owing to the unusual excellence of the class and the remarkable ability shown in handling the mounts, the management had decided to present a cup to each rider, placing Miss Campbell first; Miss Worthington second and Miss Merkle third.

Miss Worthington rode Drum Major for only the second time.

In the three-gaited saddle class Miss Campbell also showed the blue ribbon winner, Connaisseur and rounds of applause stamped approval when the combination of perfect rider and beautiful horse again won the cup.

Al Crane drove the Merkel tandem in one of the classiest of the events. In the championship classes, only the winners of the other events competed.

All of the Shetland ponies in Monday night's show (driven by Misses Baker, Bowen, etc.) are property of Fred Gallaher, Sabina.

A prominent feature of the show was the presentation of a superb cup to the Imperial Degree Team, by Dr. R. M. Hughey, on behalf of the management. As on the previous night this magnificent team, trained to perfection that is the wonder of all who view it charmed the crowds and, under the added effect of the spot light the pageant, drill and closing tableau with male quartet, was spectacular and brilliant in the extreme.

At the exhibition's close Dr. Hughey, with all the fluency and eloquence which is his special dower, embellished with original verse, paid tribute to "The splendid exhibition of the fraternalism which has carried the fame of Temple Lodge through the world of Odd Fellowship." He then presented the cup on behalf of the management, to Brother H. D. Chaffin, whose able management has been largely responsible for the success of the organization, yet would have failed without the loyal support of the members of the team.

Mr. Chaffin, while taken by surprise, rose to the occasion and expressed the deep appreciation of himself and the team for the beautiful trophy.

Dr. Hughey prefaced the presentation of the cup with words of appreciation for the management which had made possible this entertainment not from desire for financial benefit, but from pure love of the cause; and for the heart of it all, the noble horse, the splendid asset of Fayette county.

Will Taylor, in his exhibition of the evening, equalled his champion record of 5 feet 4 inches. Whelpley's band did splendid work all through.

JUDGE NEWBY AND WIFE IN MISHAP

While learning to operate an automobile near Hillsboro, a few days ago, Judge Cyrus Newby and wife were injured when the automobile went into the ditch where a culvert crossed the highway, dropping some six feet to the bottom of the ditch, dislocating Mrs. Newby's shoulder and fracturing her collar bone, and bruising Judge Newby very painfully.

The car was little damaged by the plunge, and now the Judge is able to manage the machine properly.

SORE THROAT OFTEN A SIGN OF DANGER

A common sore throat neglected may lead to pneumonia, quinsy or chronic throat troubles. And a twenty-five-cent investment in Hoff's German Liniment may save the price of a tombstone. Everyone should know that Hoff's German Liniment makes a fine gargle and can be used freely for sore throat with quick results. It can be taken internally for coughs, colds, croup, etc. Thousands of mothers appreciate Hoff's German Liniment for relieving children's ailments. They know that there is nothing like Hoff's German Liniment for stopping pain. Made from white emulsion of camphor cream with other pure, harmless, effective ingredients. Everyone knows that camphorated oil rubbed on the chest is good for cold on the lungs, etc. The only objection to it is that it leaves the pores open, making one a waiting victim for the next attack of cold. Hoff's German Liniment keeps the pores closed—keeps colds out. All druggists sell Hoff's German Liniment—a quarter pint for a quarter; large family size, 50c. We absolutely guarantee results and authorize your druggist to return your money if dissatisfied. There is only one genuine Hoff's German Liniment. Beware of substitutes. Don't let a sore throat linger—it sometimes leads to pneumonia, diphtheria, etc. Apply at once a little of Hoff's German Liniment and note the quick results.

HOW THE B. & O. RACED PENNSY FOR CONTRACT

How the local division of the B. & O. railroad obtained the contract for carrying Cincinnati newspapers from Cincinnati to Columbus, by running a race with the local Pennsylvania branch, is related by the Chillicothe News, which says:

"An interesting anecdote is being told about Albert Routt, former B. & O. railroadman who died recently. Twenty-six years ago, in 1889, the Columbus and Cincinnati Midland railroad, now the Midland district of the Ohio division of the B. & O., was built.

"The new road was looking for all sorts of business and there was a keen competition between it and the Miami division of the Pennsylvania railroad to carry the Cincinnati newspapers to Columbus.

"Finally it was decided that the newspaper contract would be given to the road making the best time. Two trains, a Midland and a Pennsylvania, were started out.

"There were no passengers on the Midland train, only a few officials making the trip. The coaches were weighted down with a quantity of steel rails as the road bed was new and none too firm.

"The Pennsylvania train carried the Cincinnati Enquirer and the Midland train carried the old Commercial Gazette. Routt was engineer on the Midland train. The Midland line was a few miles shorter than the Pennsylvania.

"Routt made only two stops on the trip, one of four minutes and one of two minutes. Including his stops, he covered 116 miles in 132 minutes, beating the Pennsylvania by almost 50 minutes.

"The Midland got the contract and to this day carries the Cincinnati papers to Columbus."

Get At the Real Cause—Take
Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested food, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists. The Olive Tablet Company, Columbus, O.

THREE GREAT MILITARY MOVES ARE UNDER WAY

Bloody Battles in Flanders, Carpathians and Along Dardanelles Hold Attention of World.

FRENCH ARMORED CRUISER TORPEDOED WHILE CRUISING OFF AUSTRIAN PORT

Conflicting Reports Regarding the Great Conflicts Now Raging—French Claim Big Gains at Two Points and British Claim German Advance Has Ended—Germans Make Counter Claims—Monster German Fleet Is Seen in North Sea—Remarkable Activity in World War.

By Associated Press. London, April 28.—Military operations of critical importance are now under way, simultaneously, in three distinct fields of action: In Flanders the Germans are once more engaged with the British, Belgians and French, in a struggle for mastery of the territory near the Yser Canal, where several months ago there occurred what was perhaps the most terrible struggle of the war thus far.

In the Carpathians the Russians are again assuming the offensive in another of their repeated efforts to push over the mountain barrier into Hungary.

At the Dardanelles the allies have succeeded in landing troops on both sides of the straits, inaugurating the combined land and sea attempt at the conquest of Constantinople.

A British correspondent in northern France telegraphs that the German effort to turn the left British flank near Ypres, has failed, and the Germans have been checked definitely, although the battle continues with violence. A Belgian official statement indicates that the German attack is lessening in force.

Russian and Austrian official statements indicate that fighting in the Carpathians is more intense.

The situation at the Dardanelles remains obscure, although it is apparent that the French and British have made headway with their land operations.

Paris, April 28.—The French War Office today announced that continued progress had been made to the north of Ypres, where 6 machine guns and several hundred prisoners were captured.

It says the losses of the enemy are heavy, and at one point 600 bodies of German soldiers were found.

On the heights of the Meuse, according to the statement, the French advanced about two thirds of a mile, inflicting very heavy losses on the enemy, and destroying a German battery.

Berlin, via wireless to Sayville, L. I., April 28.—The French cruiser Leon Gambetta has been torpedoed by an Austrian submarine, according to news received by the Overseas News Agency. Part of the crew of the French warship were saved.

The Leon Gambetta was a vessel of more than 12,000 tons displacement, and carried a crew of from 700 to 800 officers and men.

London, April 28.—Captain Scott, commanding a Norwegian steamer chartered by the Belgian Relief Commission, reports the presence in the North Sea of a German fleet numbering not less than 68 vessels, all told.

Captain Scott, whose vessel has just come to port, reports that while crossing the North Sea he was held up by one of these German vessels. After an examination of his paper, he was permitted to proceed.

The German fleet was composed of vessels of all classes, from battle-ships to torpedo boats. The date of Captain Scott's encounter, and just where in the North Sea he sighted this German fleet, has not been announced.

Paris, April 28.—A communication from the Ministry of Marine, reciting the torpedoing of the French cruiser Leon Gambetta, was given out this afternoon. It says:

"The armored cruiser Leon Gambetta, cruising at the entrance of the Otranto Canal, was torpedoed the night of April 26 or 27, and went to the bottom in ten minutes. All the officers on board perished at their posts. 136 members of the crew, including 11 under-officers, were rescued by Italian vessels."

London, April 28.—England is breathing freely again today, in the general belief that the German offensive near Ypres has stopped, and the country is finding time to turn its attention to the Dardanelles.

Paris reports that the French troops landed on the Asiatic shore are making steady progress, despite stubborn resistance by the Turkish defenders. The British section has successfully made a base on the shore of the European side of the straits.

Petrograd, April 28.—A Russian giant aeroplane has visited the East Prussian town of Meidenburg, south of Koenigsburg, where it dropped 1200 pounds of explosives. The railroad terminal appeared to have been seriously damaged.

Brindisi, Italy, April 27.—The French cruiser Leon Gambetta, torpedoed by the Austrian submarine U-6 in the Straits of Otranto, has been run ashore. Fears are now entertained that she may float away on the next high tide.

The strait is the waterway leading to the Adriatic Sea.

THATCHER BILL HAS CLOSE CALL

By Associated Press. Columbus, April 28.—The Thatcher bill, to permit railroads to charge 2½ cents a mile passenger fare, subject to approval by the Public Utilities Commission, was saved from sudden death today, when the House voted down a motion by Representative Young, of Cuyahoga county, to indefinitely postpone the bill with recommendation for passage. The vote was 32 to 74.

Representative Thatcher, author of the measure, made a plea for consideration of the bill on its merits. He said those who would vote for the

motion to kill it "voted for a single tax and government ownership of railroads."

The bill now will be placed on the calendar and will probably be made a special order of business for late this week or early next.

At the afternoon session Representative Young introduced a bill which would reduce the railroad passenger rates from 2 cents a mile to 1½ cents a mile.

The House also failed to take action today on the Gallagher bill to make optional the mine-run law. The bill was put over until tomorrow, pending results of the miners' and operators' conference at Cleveland, where efforts are being made to end the eastern Ohio coal strike.

SEE EARLY SETTLEMENT OF STRIKE

By Associated Press. Cleveland, April 28.—With the opening of the second day of the conference of miners and operators, the joint scale committee in the Ohio coal strike here, both sides expressed the belief that peace was even nearer than at the start of the conference yesterday.

The miners' representatives have conceded that if the operators recognize the fundamentals insisted upon by the union, the workers will make concessions as to working conditions, which will permit the mine owners to compete with operators of West Virginia and Pennsylvania, where the run-of-mine rate is less than that contended for by the Ohio union men.

The operators, on the other hand, seem willing to allow the 47-cent run-of-mine rate demanded by the miners, providing the readjustment of working conditions is made.

Lexington, Ky., April 28.—The eastern Ohio coal strike will be settled within a week, is the opinion expressed here by Hywell Davies, federal conciliator, upon his arrival home from Columbus, Ohio, where he conferred with Governor Willis of Ohio.

TRIAL COMES TO ABRUPT AND DRAMATIC END

By Associated Press.

New York, April 28.—Philip P. White, the \$6,000-a-year manager of a Brooklyn paint company, on trial as the leader of a band of highwaymen who held up his employer's bank messengers and robbed them of \$3000 nearly a year ago, resumed his chair in the Supreme Court room today, stretched both arms toward the judge on the bench, and exclaimed: "Stop, I am guilty; I want to confess my guilt before God and the world."

A court room scene, seldom equaled in the annals of New York jurisprudence, ensued. White, trembling with emotion turned from the bench and faced the jury.

"I am guilty," he repeated. "And I surrender my membership in the Mystic Shrine," he continued, tearing the button from his lapel.

When he sat down his friend, James F. Clinkin, auditor of a Brooklyn firm, who was also on trial on the same charge, arose and also said: "I wish to plead guilty, too."

The trial was at once halted, the jury dismissed and the court accepted the two pleas of guilty. Sentence was postponed a week.

REBELS CUT TRUNK LINE

By Associated Press.

Washington, April 28.—Zapata forces, operating under General Obregon, the Carranza commander at Celaya, have cut his rail and wire communications and have destroyed part of the railway between the capital and Vera Cruz.

Duval West, President Wilson's personal representative, is held up on a train delayed by the break.

MORE EVIDENCE IN MURDER CASE

Bit by bit the evidence obtainable in the Howard murder case is being brought to light in exhaustive examination of each witness summoned to the stand.

Among the witnesses examined from Tuesday afternoon until Wednesday afternoon were: Beverly Patterson, owner of the gun which is supposed to have caused the Byrd woman's death, Urcel Madden, Wm. B. Pritchett, Chief of Police D. L. Moore, Tom S. Maddox, A. E. Henkle, Noah Bell, Dr. L. P. Howell, Mary Madden, Roy Madden and L. M. Maag. Few new points were uncovered in most of the testimony. Chief Moore stated that when he first arrested Howard he was under the impression that he was intoxicated but later changed his mind somewhat. He told of the arrest and Howard's attitude until locked up.

L. M. Maag, one of the Wednesday afternoon witnesses, stated that he heard the shots fired in the French Flats at about seven o'clock.

The accused man is undergoing the ordeal with apparently little concern. However, at times he anxiously awaits the reply of a witness. Mrs. Howard, whom Howard is alleged to have tried to kill following the alleged murder of Nannie Byrd, remains with her husband almost constantly.

About one-half of the state's witnesses have been examined, and indications are that the case may go over into next week.

FARM RESIDENCE BURNS TO GROUND

About nine o'clock Wednesday morning fire, which originated from a smoke-house, completely destroyed the residence of Mr. and Mrs. E. C. Kelley, on the George Jackson farm in Paint township, and virtually all of the household goods were consumed in the flames.

Mr. Kelley was some distance away at work in the field, when the fire started, and by the time he reached the burning house it was too late to remove other than a few household goods.

The residence was a six-room frame, and the loss is partly covered by insurance. While carrying some insurance upon his household goods, the insurance will not pre-

TEDDY TELLS WHY HE CONSULTED BOSS PLATT

By Associated Press.

Syracuse, N. Y., April 28.—Theodore Roosevelt told today, as a witness in the \$50,000 libel suit brought against him by William Barnes, why, when governor of New York and president of the United States, he conferred with former United States Senator Thomas C. Platt, "the boss."

While he was governor of New York, the colonel declared, he discussed things with Senator Platt, because he had found out that the legislature obeyed his order. The witness thought it best, when there was any likelihood of that law-making body of the state disagreeing with him, to first go to headquarters and talk things over.

Further, as governor, the colonel said, he did not want to run any chances of disrupting the Republican party. As president of the United States, the colonel readily admitted, he conferred constantly with the Senator from New York on all man-

ner of things. He said he valued the senator's advice, and wanted to take advantage of his wide experience.

These statements were made in reply to questions asked the colonel during the early part of his redirect examination, his cross-examination by counsel for William Barnes having been concluded today.

The colonel was most active on the witness stand. He slapped his hands upon his thighs, and moved his arms and head to give emphasis to his words. He raised his voice and pounded upon the arm of the witness chair, until counsel for Mr. Barnes entered an objection with the court, against what they termed his "gesticulations."

Syracuse, N. Y., April 28.—The cross-examination of Theodore Roosevelt was concluded today, after he had been asked questions about speeches and the salary and traveling expenses he received while president of the United States.

vent the loss to Mr. Kelley being a heavy one.

Other buildings near the residence were saved by hard work. A mammoth hay barn located 75 yards from the residence was not damaged.

Within the past year Mr. Kelley has lost \$500 worth of horses.

Mr. Jackson, it is understood, will build another residence on the site of the one destroyed Wednesday morning.

DEATH CLAIMS MRS. MARY BLACK

Many friends in this city regret to learn of the death of Mrs. Mary Black, widow of the late Dr. Black, Wednesday morning at 3:45, at her home on the corner of North and Temple streets, aged about 81 years.

Mrs. Black had been in her usual health until last Sunday, when she was taken suddenly with an attack of acute indigestion.

For many years Mrs. Black had been a resident of this city and identified with many of its interests. She was an earnest worker in Grace M. E. church and an interested member of the W. R. C. and Royal Chapter, No. 29, O. E. S.

Funeral services will be held Friday afternoon at two o'clock, from the residence. Rev. Ross will conduct the religious services, after which the O. E. S. will take charge. The burial will be made in the Washington cemetery.

ASSESSMENTS MADE ON THE JUDY DITCH

At a recent meeting of the county commissioners the following assessments were decided upon for the Newton Judy county ditch:

Oliver Baughn, \$150; Mary C. Baughn, \$100; Sylvia Sexton, \$100; Sylvia Sexton \$75; A. P. Orman, \$130; Elton Thornton, \$750; Newton Judy, \$225; W. S. Hutchison, \$600; Carman Coll, \$375; R. Christy estate, \$400; Sarah J. Ervin, \$650; Mrs. J. W. Willis, \$15; H. D. Chaffin, \$260; F. A. Chaffin, \$200; S. H. Carr, \$100; Jess Carr, \$15; Thos. Frayne, \$10; E. C. Baughn, \$30; W. W. Rine, \$125; D. T. & I. R. R., \$25; C. H. & D. R. R., \$25; Fayette county, \$110.

Sale for construction was fixed for May 8. The bonds are payable in six semi-annual installments.

PAIR ESCORTED TO WORKHOUSE

Enless Craig and Jack Durley were taken by Officer Baughn to the Xenia workhouse Wednesday. Craig has a \$200 fine and costs, penalty for bootlegging, to serve out, and Durley will serve time equivalent to about \$25 in fines for various offenses.

Anderson Long, arrested a few days ago, was released and ordered to leave town.

ANOTHER JAILED

Officer Bell Tuesday night arrested Ray Smith, who will face the mayor Thursday morning on a charge of drunkenness.

A RECORD

Detroit, April 28.—What is believed to be a world's record in its way was set by the St. Louis club, when it made five double plays in five consecutive innings. These two-play killings stopped the Tigers from getting an early lead, but did not prevent them from winning, 3 to 2. Score:

MONSTER CROWD ENJOYS LAST SESSION OF THE HORSE SHOW

BOTH AFTERNOON AND NIGHT PERFORMANCES ATTRACT THORNS OF LOVERS OF THE HORSE.

IMPERIAL DEGREE STAFF AWARDED BEAUTIFUL CUP

PHENOMENAL TROTTING FEATURES MATINEE—KEEN RIVALRY IS MANIFESTED IN EVENING EVENTS—LIST OF AWARDS FOR CLOSING SESSIONS—SPRING SALE OPENS TODAY.

The Horse Show is over, but the mammoth sales pavilion remains the center of interest, the Spring Sales of the Washington Sales Company opening at nine o'clock Wednesday morning.

The big show ran the gauntlet of popular approval and leaves the record of the most successful one ever held. Of course, the fine weather helped, but it was the show attractions that drew the great audiences of Monday and Tuesday nights, the second night witnessing as crowded a house as the first, and the Tuesday afternoon show very largely attended.

There is no exaggeration in the boast that there is not another town of the size in Ohio that could have put on a Horse Show of the class and magnitude of the one just over.

It redounds tremendously to the credit of the Washington Sales Co., under the active management of manager Chas. Allen and Secretary Rell G. Allen, ably assisted throughout the show by Mr. Howard C. Allen, Ring Stewart, and Auctioneer John Pease.

The importance of Fayette county and her county seat were exploited once more in the horse world and also given prestige in the special attractions, the exhibition drill of the Imperial Degree team, winner of the highest honor in the International Legion, and the exhibitions given by Will Taylor, champion amateur jumper of the world.

It is rare that any county can put forth claim to three such distinctive honors in a single performance.

The large number of prominent people in attendance was also a tribute to the outside opinion of the show. Col. C. C. Harris, the Kentucky Judge noted by his quick and clear decisions, said: "I can pay Washington C. H. and Fayette county no greater compliment than to say that it is more like Kentucky than any place I've ever seen."

TUESDAY AFTERNOON.

The Tuesday afternoon program offered good classes and showed some of the finest horses of the show.

The Gentleman's Roadsters class, with eleven entries of such good material that it made judging different, was decidedly the feature of the afternoon. Horsemen said that the fast trotting in this class had probably never been excelled at any horse show.

In regard to this class, Omar Van Kirk said: "Cochato has trotted eighths of a mile at a two minute gait, and I am so familiar with his gait, and his movements when he is extended at the very utmost of his speed, that I have no hesitancy in saying that on two occasions during his exhibition yesterday afternoon, he was stepping at a rate of a mile in

two minutes. Probably the fastest trotting ever seen indoors."

Rankin Paul's exhibition of his five gaited cup winner, Judge Ross, brought forth applause all along the grand stand.

A Life Devoted to Duty

In the news of Monday a brief dispatch from Dayton informs the world—that very small section of the world near around the Gem City of the Miami valley—that Miss M. Jennie Brown died at her home in Dayton on that day, aged eighty-seven years. That news dispatch also informs the reading public of this section that Miss Brown taught school practically all her life in the Dayton public schools. For fifty-nine years—almost the allotted period of life—this remarkable woman devoted her time and her talents to the work of teaching the young folks of Dayton. Teaching many generations of boys and girls to use their minds and be constant and faithful in the never ending battle to make the good things of life triumph over the bad.

What wonderful talents and what saintly disposition that good woman must have possessed and what a monstrous work she has performed.

Thousands of happy and prosperous men and women of today owe much of their success in life to the sacrifices which this good woman made. She was but one—a remarkable one it is true—of the many, many thousands who do as much as, if not more than, and other class of people for the practical good of humanity.

Strange too the work of the school teachers is so little appreciated in comparison to the work incident to some of the other vocations of life.

School teachers are not paid anything like the real value of their services and the facilities which a generous public should gladly furnish them to work with are obtained usually after a struggle and are granted grudgingly.

The death of Miss Brown at Dayton should cause people to think. Her life was so unselfishly devoted to duty that the sacrifices made by prominent men in public life pales beside it.

Those people who determine to teach school must realize that the reward in money is small, the thanks scarcely larger but the possibility for good enormous.

German Advance at Ypres

To those who have been studying the awful game of war in Europe and have, by reason of that study, formed opinions as to the plans the master players were endeavoring to work out, the tremendous offensive which the Teutons inaugurated Monday, was not wholly a surprise.

With Italy, for the present at least, held back by diplomatic efforts from entering the war as the particular foe of Austria, Germany has rushed heavy reinforcements to the west front for the purpose of breaking, if possible, the chain constantly growing stronger, which England, France and Belgium have been forging and welding together link by link.

To do this Germany, for the time being, has abandoned her offensive in Poland and East Prussia, leaving sorely pressed Austria to stem, by defensive action only, the onrushing tide rolling down from Russia.

With heavy reinforcement of the German lines in the west and with the armies of the Kaiser fully cognizant of the necessity for prompt and decisive victory over the armies of the allied powers and the inestimable value which will follow the gaining of an outlet to the sea, the most bloody contests thus far staged in the war seem probable within the next ten days.

The allies are not unmindful of the tremendous and desperate assault they are now called upon to face and, fully realizing the tremendous advantage that would accrue to their foes by reason of any substantial loss of position at this stage of the war, will match the armies of the Kaiser in desperate fighting.

Italy's entrance into the war on the side of the allies or her refusal, is at this time, a matter of the gravest concern.

If Germany can keep Italy neutral she will have gained her first and only diplomatic victory since the talk of war began.

Poetry For Today

THE FIRST STRAW OF SUMMER.

It was the first straw of summer—
Made white by the sun;
I looked for another—
There was but the one.
The young man who wore it
Was angrily eyed,
But he openly bore it,
With obvious pride.

With that sign of summer
The weathercock veered,
And the exquisite drummer
Looked hot in his beard.
I thought of my own hat,
A pretty conceit,
And ah! but the groan that
Went up from the street.

It was the first straw of summer
At eighty degrees,
And he beat us all to it
As slick as you please.
He left us few comforts
But still there was one—
He was, for a venture,
The weather man's son.

HANDSOME MOTOR DRIVEN HEARSE AND AMBULANCE PURCHASED BY A. R. M'COY

Mr. A. R. McCoy, well known local funeral director, has purchased a handsome combination hearse-ambulance, which was driven to this city from Cincinnati, Tuesday evening by Mr. McCoy and Mr. W. A. Corvin, the latter coming from the factory in Cincinnati.

The big car is a Crane & Breed Winton Six Special, and is as handsome a coach as can be found in any city. Soon after the new hearse-ambulance arrived in this city it was put into active service, moving a patient to a local hospital.

The car is painted a deep black with nickel trimmings, and lined with leather throughout. The interior can be almost instantly transformed from equipment for hearse to that of an ambulance, and is so constructed that virtually all shock is absorbed when the car is in motion. The elimination of jarring is due to a 152 inch wheel base and specially constructed springs. By the aid of the motor ambulance patients can be quickly transferred from one place to another, with greatest ease.

In addition to the motor driven hearse-ambulance, Mr. McCoy will retain his previous equipment of horse drawn hearse and ambulance.

BIG HORSE SALE OPENS THIS MORNING

The annual spring sale of horses conducted by the Washington Sales Company, opened at the big sales barn Wednesday morning, and will continue until all of the more than 200 head of animals are disposed of, which will be sometime Friday.

The offering is pronounced exceptionally good, and consists of trotters, pacers, saddlers, teams, stallions, race prospects, mares, futurity colts, heavy horses and ponies, so that every person desiring a good horse will be able to find what he is looking for in the list of animals which will pass under the hammer wielded by Col. John Pease, the well known auctioneer who has cried a number of big sales in this city.

The bidding from the beginning indicated that the horse market is firm and that no difficulty would be experienced in disposing of the entire consignment, which includes many well known animals with splendid track records and bright prospects.

Miss Myra Bowers, who has been visiting her sister, Mrs. Tom Wood, and Washington friends, returned to her home in Columbus Wednesday.

G. A. R. VETERAN LAID TO REST

Honoring a respected citizen and loyal G. A. R. veteran, impressive services were held at Memorial Hall Tuesday afternoon over all that was mortal of Mr. Robert S. Eyre.

Rev. P. J. Henness officiated, assisted by Rev. Roughton, of Cincinnati, and both the John M. Bell Post and the W. R. C. conducted their beautiful ritual services for the dead.

The hall was filled with friends from all over the county, G. A. R. veterans and women of the W. R. C.

There were many beautiful floral remembrances, special designs from the G. A. R. the W. R. C., Pythian Sisters, K. of P., East End Chapel, Sons of Veterans and the Ireland Mfg. Co.

The pall bearers were Mr. Wm. Barr, of Greenfield; Mr. Scott Bison, of Dayton; Mr. Austin Haines, of Leesburg; Messrs Frank E. Haines, Claude Haines and Wilbur Price.

Coming from a distance to attend the funeral were Mr. Jos. Eyre, of Athens, a son; Miss Mary Eyre, of Minneapolis, Minn.; Mrs. Clara Haines, Mr. and Mrs. Wm. Barr, Greenfield; Mrs. Lida Chalfont, Columbus, Mr. and Mrs. Austin Haines, Mr. Ed Truitt, Mrs. Ote Bayless, of South Salem, Mr. Scott Bison of Dayton.

EVENING SHOW.

The evening performance was opened by the Washington Riding Club parade, with a surprising number of young people in riding attire making a very creditable showing. Carnations were presented to each rider by the management.

One of the most attractive classes of the show was the saddle horses shown by girls under sixteen.

Probably never again will Washington people have the opportunity of seeing such an exhibition of graceful horsemanship in such young riders, on such superb specimens of horse flesh, as was given by Miss Virginia Campbell, riding Connoisseur, owned by Frank P. Mitchell; Miss Edith Worthington, riding Drum Major, also from the Mitchell Stables, and Miss Jessie Merkle, riding her own horse, My Lady.

The competition in this class was so close that after long parleying the judges gave the verdict that "owing to the unusual excellence of the class and the remarkable ability shown in handling the mounts, the management had decided to present a cup to each rider, placing Miss Campbell first; Miss Worthington second and Miss Merkle third.

Miss Worthington rode Drum Major for only the second time.

In the three-gaited saddle class Miss Campbell also showed the blue ribbon winner. Connoisseur and rounds of applause stamped approval when the combination of perfect rider and beautiful horse again won the cup.

Al Crane drove the Merkel tandem in one of the classiest of the events.

In the championship classes, only the winners of the other events competed.

All of the Shetland ponies in Monday night's show (driven by Misses Baker, Bowen, etc.) are property of Fred Gallaher, Sabina.

A prominent feature of the show was the presentation of a superb cup to the Imperial Degree Team, by Dr. R. M. Hughey, on behalf of the management. As on the previous night this magnificent team, trained to perfection that is the wonder of all who view it charmed the crowds and, under the added effect of the spot light the pageant, drill and closing tableau with male quartet, was spectacular and brilliant in the extreme.

At the exhibition's close Dr. Hughey, with all the fluency and eloquence which is his special dower, embellished with original verse, paid tribute to "The splendid exhibition of the fraternalism which has carried the fame of Temple Lodge through the world of Odd Fellowship." He then presented the cup on behalf of the management, to Brother H. D. Chaffin, whose able management has been largely responsible for the success of the organization, yet would have failed without the loyal support of the members of the team.

Mr. Chaffin, while taken by surprise, rose to the occasion and expressed the deep appreciation of himself and the team for the beautiful trophy.

Dr. Hughey prefaced the presentation of the cup with words of appreciation for the management which had made possible this entertainment not from desire for financial benefit, but from pure love of the cause; and for the heart of it all, the noble horse, the splendid asset of Fayette county.

Will Taylor, in his exhibition of the evening, equalled his champion record of 5 feet 4 inches.

Whelpley's band did splendid work all through.

TUESDAY NIGHT AWARDS.

FOR AGONIZING CORNS

YOU CAN'T BEAT IT
Certainly not, "Putnam's" has 'em all beat a mile. It's a marvel on corns and foot lumps, acts like magic. Why for nearly fifty years Putnam's Extractor has been the standard remedy, the dependable one, the sure kind that never disappoints.

It's painless too. Think of it! Paint it on tonight, in the morning the pain is all gone.

Small wonder the sale of Putnam's Corn Extractor is so large, 25c at dealers everywhere. adv.

JUDGE NEWBY AND
WIFE IN MISHAP

While learning to operate an automobile near Hillsboro, a few days ago, Judge Cyrus Newby and wife were injured when the automobile went into the ditch where a culvert crossed the highway, dropping some six feet to the bottom of the ditch, dislocating Mrs. Newby's shoulder and fracturing her collar bone, and bruising Judge Newby very painfully.

The car was little damaged by the plunge, and now the Judge is able to manage the machine properly.

MAKE GOOD WORK POSSIBLE.

You cannot do good work while your bowels are sluggish or your liver torpid. Wm. O. E. Bielke, Mgr. Scott Hotel, Hancock, Mich., says: "I gave Foley Cathartic Tablets a thorough trial, and find them a mild but safe cathartic." Foley Cathartic Tablets never gripe or cause nausea. They do away with that drowsy, dull feeling and are wholesome, cleansing and healthful. Most satisfactory for stout persons. Blackmer & Tanquary. adv

SORE THROAT OFTEN
A SIGN OF DANGER

A common sore throat neglected may lead to pneumonia, quinsy or chronic throat troubles. And a twenty-five-cent investment in Hoff's German Liniment may save the price of a tombstone. Everyone should know that Hoff's German Liniment makes a fine gargle and can be used freely for sore throat with quick results. It can be taken internally for coughs, colds, croup, etc. Thousands of mothers appreciate Hoff's German Liniment for relieving children's ailments. They know that there is nothing like Hoff's German Liniment for stopping pain. Made from white emulsion of camphor cream with other pure, harmless, effective ingredients. Everyone knows that camphorated oil rubbed on the chest is good for cold on the lungs, etc. The only objection to it is that it leaves the pores open, making one a waiting victim for the next attack of cold. Hoff's German Liniment keeps the pores closed—keeps colds out.

All druggists sell Hoff's German Liniment—a quarter pint for a quarter; large family size, 50c. We absolutely guarantee results and authorize your druggist to return your money if dissatisfied. There is only one genuine Hoff's German Liniment. Beware of substitutes. Don't let a sore throat linger—it sometimes leads to pneumonia, diphtheria, etc. Apply at once a little of Hoff's German Liniment and note the quick results.

HOW THE B. & O.
RACED PENNSY
FOR CONTRACT

How the local division of the B. & O. railroad obtained the contract for carrying Cincinnati newspapers from Cincinnati to Columbus, by running a race with the local Pennsylvania branch, is related by the Chillicothe News, which says:

"An interesting anecdote is being told about Albert Routt, former B. & O. railroadman who died recently. Twenty-six years ago, in 1889, the Columbus and Cincinnati Midland railroad, now the Midland district of the Ohio division of the B. & O., was built.

"The new road was looking for all sorts of business and there was a keen competition between it and the Miami division of the Pennsylvania railroad to carry the Cincinnati newspapers to Columbus.

"Finally it was decided that the newspaper contract would be given to the road making the best time. Two trains, a Midland and a Pennsylvania, were started out.

"There were no passengers on the Midland train, only a few officials making the trip. The coaches were weighted down with a quantity of steel rails as the road bed was new and none too firm.

"The Pennsylvania train carried the Cincinnati Enquirer and the Midland train carried the old Commercial Gazette. Routt was engineer on the Midland train. The Midland line was a few miles shorter than the Pennsylvania.

"Routt made only two stops on the trip, one of four minutes and one of two minutes. Including his stops, he covered 116 miles in 132 minutes, beating the Pennsylvania by almost 50 minutes.

"The Midland got the contract and to this day carries the Cincinnati papers to Columbus."

STOMACH UPSET?

Get At the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested food, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists. The Olive Tablet Company, Columbus, O.
